Colored Dots

(Editor's note: The following reached us after the Colored Dots column ,Page 3, had been printed. We note that the following replaces news of an all-day service Sunday at First Baptist).

The programs scheduled for First Baptist Church "Auxiliary Month" running through May, under the steering of Mrs. T. W. Hamlet, are running smoothly and successfully, according to schedule.

A nice crowd attended the Musical Tea April 15 at 3:30, at First Baptist Church, in spite of the bad weather. The Junior Choir of Gallilee Church, under the direction of Miss H. B. Stephens, along with the Junior Choir of First Baptist as host, under the direction of Mrs. P. James, rendered an enjoyable program. Little Miss Mildred Johnson, of the Mt. Airy Junior Choir gave a prayer during the devotionals.

On April 29, at 11:30, the Mens Club of First Baptist Church will sponsor a morning service, with Mr. Curtis Elliott, of Spout Spring as the morning worship speaker. All are cordially invited to attend these programs.

Home Agent's Notes

By Mrs. B. G. Anderson
Home Demonstration Agent

Last week, this column carried a list of articles homemakers could do to save time and energy in cleaning. The entire month of April is being devoted to the subject of "Short Cuts in House Cleaning Time and Energy," so this week will also deal with timesaving subject. This week on how to clean will be

Walls

Walls should be dusted periodically to save fresh clean colors. Since dust hangs down, brush from the bottom up with a clean wall brush or a covered broom. Dust baseboard and doors weekly.

Wash walls from the bottom up because then the wall below is wet and any dirty water that may run down will not penetrate and is easily wiped off. Sponges can be wrung drier than cloths. Special cleaners are better for painted enameled and varnished finishes. However, if you are washing with soapy water, add one tablespoon turpentine and one tablespoon linseed oil to each quart of water.

Remove small grease spots from walls before starting to clean, with a commercial spot remover, or with fuller's earth moistened with ammonia and cleaning fluid.

Window Shades

Spread washable shades out flat. Wash with dry suds on a cloth or brush. Rinse with cloth wrung out of clean warm water. Hang and pull length to dry.

Metals

Metals, such as copper and brass can be polished by plunging the metal article into hot vinegar and salt or oxalic acid solution, then rubbing with pumice. Don't waste time polishing nonessential pieces. Store them for the duration. Use whiting and water, applied with a soft cloth, for cleaning silver and pewter. When there is a lot of silver to clean, clean a large aluminum pan, fill with hot water to which is added one tablespoon soda and one tablespoon salt for each gallon of water used. Each piece of silver must touch the aluminum.

The best method of simplyfying work in the home is to take time for planning and studying each day's activities critically to see if any can be left out in part or in whole.

Stop before you get to the cracking point — take out 10 minutes in the morning and 10 minutes in the afternoon to avoid getting tired. The best way in the world to relax your nerves is to do the following: lie flat on the floor on your back with pillows under your hips. Next, rest your feet on the edge of the seat of a chair and lie as still as you can for three or four minutes.

P.-T. A. MET TUESDAY

The A. H. S. Parent - Teacher Association met in the school cafeteria Tuesday evening.

Mrs. L. L. Stanley made a report on her attendance at the District P.-T. A. Conference in Bedford this week. She then introduced Billy Conner, president of the Appomattox County Junior Chamber of Commerce, which organization presented the program for the evening. Mr. Conner, George Abbitt Jr., J. Garland Plunkett and Charles W. Norfleet Jr. participated in a panel discussion on the financial support of the schools.

Carver-Price School News

Hello Readers!

The Senior Plays presented last Friday night, April 20, were well attended and enjoyed by all. We always look forward to these plays. We thought each character played their roles in a commendable manner.

On Wednesday, April 25, the Navy had an exhibit of Jet Planes here at Carver. It was very educational and interesting.

Last Thursday, April 19, our baseball team won its first home game over Moton of Farmville, by a score of 7-1. The battery consisted of two brothers, John and Milton Minnifield, with John pitching and Milton catching. Our next game will be Friday afternoon versus Susie Gibson High, of Bedford. Give us another win, team.

May Day will be observed Friday May 4, commencing with the crowning of the May Queen of the Carver campus. All county schools will participate, in addition to the Carver Elementary and High School students. Activities will include the May Pole wrapping and dance, folk dances, square dances, stunts and pyramids, a circus, track events, and a health play. All patrons and friends are invited to attend the exercises which will begin at 10:00 A. M. Plan to eat lunch with us and witness the entire program planned for you. This activity is ponsored by the County Teachers Association.

The May Queen will be elected by popular student vote in Assembly on Wednesday, April 25. She will reign over her court May 4.

Until next week, our thought: "A kind word is never lost. It keeps going on and on, from one person to another, until at last it comes back to you again."

Better business outlook is forecast in second half of year.
